New Hampshire Primary Exit Poll 2020

This is a voluntary and anonymous exit poll about current events conducted for research by researchers in the Department of Government at Harvard University, located in Massachusetts. This poll is not official and is not affiliated with any government or jurisdiction. Your effort in answering these questions may make sure that the views of residents from your community are represented. There are no benefits or compensation for those taking the survey, which seeks to understand how voters think about issues. Some questions may be sensitive and you may decline to answer any questions at any point in the survey. Please print your initials at the bottom of the page.
